

HJORTHUNDKLUBBENS

CHAMPIONBOK

2006 - 2010

Forord

Hjorthundklubben har igjen gleden av å presentere en ny bok med fotos og stamtavler til hjortehunder som er blitt utstilling champions i perioden 2006 - 2010. I alt er det 89 hjortehunder som er blitt champions i gjennom disse årene. De fleste er svensk og norsk eide, men også noen finske og danske. I tillegg er det 3 hjortehunder som er lurecoursing champions.

Dessverre er det ikke alle som har sendt foto på sine champions.

Sammenlignet med forrige femårsperiode 2000 – 2005 er det 32 færre utstilling champions.

Sammenligner man fødte valpekull er det liten endring. I perioden 2006 – 2010 er det født 41 valpekull mot 40 i perioden 2000 – 2005. Mellom landene er fordelingen i 2006 - 2010: 16 kull i Sverige, 9 kull i Norge, 14 kull i Finland og 2 kull i Danmark. Fordelingen mellom landene i 2000 - 2005 er også omtrent det samme, men Finland hadde noen flere fødte kull enn Sverige.

Utsillingsresultatene i perioden viser at Hjortehunder fortsatt hevder seg godt i gruppekonsurranser så vel som Best in Show konkurranser. Det har også vært hjortehunder som har plassert seg på årsbeste lister i konkurranse med andre mynderaser.

Særlig meritede hjortehunder i perioden er Ch. Galerita's Lamborghini, Ch. Galeritas Cayman og Ch. Manticorns Isabella i Sverige og Ch. Magic Hunter's Miss Joanna Weston, Ch. Troon Rolls-Royce Silver Shadow, Ch. Troon Shadow of A Doubt og Ch. Troon Julia Cesaris i Norge.

Se også siden over mestvinnende hjortehunder i Sverige og Norge. Det har dessverre ikke lyktes å få fullstendige oversikter fra Finland og Danmark.

Det er importert få hjortehunder til Sverige og Norge i perioden.

Noen oppdrettere har reist med tisper til hannhunder hos oppdrettere i Europa.

Fremgangsrike avlsnanner i Sverige og Norge har vært Grayrory's Caol Ila, Ch. Troon Rolls-Royce Silver Shadow og Ch. Stranwith Scherzo.

Interessen for rasen holder seg stabil. Oppdrettere har fortsatt å bygge sitt avlsarbeid på bredden av de linjer som har vært i Skandinavia over tid, samtidig som det er gjort nye kombinasjoner med nye linjer fra utlandet. Dette har gitt mange unge lovede hjortehunder å bygge videre på i fremtiden. Oppdretterne er sitt marked bevisst og det medfører at det ikke fødes flere valper enn det etterspørres.

Det er flere som har vært involvert i å skaffe materiale til boken: Maria Käck og Tina Andersson har samlet inn stamtavler, Maria Käck har skrevet stamtavlene. Sonya Iwemyr har satt opp listen over fødte kull.

Ansvarlige redaktører har vært Liv Vogt Johansen og Kirsten Walhovd.
