

**HJORTHUNDKLUBBENS
CHAMPIONBOK**

2011 - 2015

Forord

Hjorthundklubben har igjen gleden av å presentere en ny bok med fotos og stamtavler til hjortehunder i Sverige, Norge, Finland og Danmark som er blitt utstilling champions i perioden 2011 - 2015. I alt er det 94 hjortehunder som er blitt champions i gjennom disse årene. Det er 3 hjortehunder som er blitt lurecoursing champions og 2 som er eksportert til andre land og har blitt champions der.

Sammenligner man fødte valpekull er det liten økning. I perioden 2011 – 2015 er det født 46 valpekull mot 41 i perioden 2005 – 2010. Mellom landene er fordelingen i 2011 - 2015: 15 kull i Sverige, 9 kull i Norge, 20 kull i Finland og 2 kull i Danmark. Fordelingen mellom landene i 2000 - 2005 er også omtrent det samme, men Finland har noen flere fødte kull enn Sverige.

Utstillingsresultatene i perioden viser at Hjortehunder fortsatt hevder seg godt i gruppekonkurranser så vel som Best in Show konkurranser. Det har også vært hjortehunder som har plassert seg på årsbeste lister i konkurranse med andre mynderaser.

Særlig meritede hjortehunder i perioden er UCh. Lehigh Fortune at Champhurst, UCh. Cream Island Sir Gibson og UCh. Necesses Ars Amandi i Sverige. UCh. Troon Shadow Of A Doubt og UCh. Troon The Heart of Eternity i Norge og UCh. Chic Choix Dhulert Arathorn og UCh. Chic Choix Arwen To Blixten i Finland.

Se også siden over mestvinnende hjortehunder i Sverige og Norge. Det har dessverre ikke lyktes å få fullstendige oversikter fra Finland og Danmark.

Det er importert hjortehunder fra Frankrike, England, Nederland, Tsjekkia og USA til Sverige og Norge i perioden.

Noen oppdrettere har reist med tisper til hannhunder hos oppdrettere i Europa.

Fremgangsrike avlshanner i Sverige og Norge har vært Ch. Lehigh Fortune at Champhurst og og Ch. Stranwith Scherzo.

Interessen for rasen holder seg stabil. Oppdrettere har fortsatt å bygge sitt avlsarbeid på bredden av de linjer som har vært i Skandinavia over tid, samtidig som det er gjort nye kombinasjoner med nye linjer fra utlandet. Dette har gitt mange unge lovede hjortehunder å bygge videre på i fremtiden. Oppdretterne er sitt marked bevisst og det medfører at det ikke fødes flere valper enn det etterspørres.

I den tiden Champion boken ble laget for første gang, samt årene de tre neste utgavene ble utgitt var det kun til Norge, Sverige og Finland man kunne reise med hund og bli Champion. I årene som har fulgt er det åpnet for å reise og stille ut hunden sin nesten hvor man vil. Dette har ført til et problem med boken da det ikke er plass til alle titler som man nå kan vinne. Dette gjør det vanskelig å ha oversikt over hvilke titler som er vunnet og i hvilket land.

Styrelsen i Hjorthundklubben har derfor i samråd med redaktører bestemt at i denne boken tar en bare med Nordiske Champion titler; fra Norge, Sverige, Finland og Danmark, og setter en stjerne * der hunden har andre titler i tillegg. Om man ønsker full oversikt over titler på den enkelte hund kan man gå inn på de respektive land sine kennelklubbers hjemmesider og finne de andre titlene der. Dersom hunden er champion i tre nordiske land, blir disse slått sammen i tittelen Nordisk Utstillings Champion. Er den ch. i alle fire kommer den siste tittelen ekstra.

Det er også bare tatt med Vinnertitler fra de Nordiske land med unntak av Verdensvinner -WW og Europavinner -EW titler.

Lurecoursing champion- og vinnertitler er skrevet på samme måte.

Ansvarlige redaktør har vært Liv Vogt Johansen.

Forklaring på titler foran navnet på hunden:

UCH = Utstillings Champion.

LC CH = Lurecoursing Champion.

HR UCH = Ungarsk Champion.

US UCH = Amerikansk Champion

NORD UCH = Nordisk champion. Det vil si at hunden er champion i tre nordiske land.

C.I.B. = International champion

SEV, NV, FIV, WW etc. = Vinnertittel tildelt på respektive lands vinnerutstillinger, World Winner utstilling etc.

JRV = Juniorvinner.

Da CH boken begynte var det bare lov til å stille ut i Norge, Sverige og Finland. Så ble Finland borte noen år pga. rabies og det var bare Norge og Sverige som var de land man kunne stille ut i og derfor ble ikke titlene så mange. Nå er grenser åpne og man kan stille ut neste hvor som helst. Det gjør at titlene kan bli meget lange noe vi ikke har plass til i denne boken om vi skal ha med stamtavler og bilder. Vi har nå gjort det slik at vi tar med kun Nordiske titler samt C.I.B. og de hunder som har utenlandske titler får en * slak at de som ønsker det kan gå inn på de respektive lands Kennelklubber og få titlene der.

Border now has opened and you can show your dog and get titles in nearly all countries.

There are limited space in this book since we want both pedigree and picture so here and in coming books we will only show Nordic titles and C.I.B. and put an * after the dog that has foreign titles so people will know and can check in the dogs registered countries Kennel Club's database for more titles.
