

HJORTHUNDKLUBBENS CHAMPIONBOK

2016-2020

Forord

Den Svenske Hjorthundklubben har igjen gleden av å presentere en ny bok med foto og stamtavler til hjortehunder i Sverige, Norge, Finland og Danmark som er blitt nye champions i perioden 2016-2020. Noen få hunder som er med i denne boken skulle vært med i forrige bok, men disse ble ikke fanget opp da. Denne gang er det 126 som er blitt champions gjennom disse årene.

Sammenligner man fødte valpekull er det igjen en liten økning. I perioden 2016-2020 er det født 52 kull mot 46 i perioden 2011-2015. Mellom landene er fordelingen i 2016-2020 følgende: 30 kull i Sverige hvorav 159 valper, 16 kull i Finland hvorav 90 valper, 3 kull i Norge hvorav 15 valper og 3 kull i Danmark hvorav 33 valper.

Når det gjelder titler på hundene er disse hentet fra dogweb hos den Svenske-, Norske-, Danske- og Finske Kennel Klubb. På noen hunder har vi ikke fått med alle, men disse er merket med en *, og om man ønsker full oversikt på den enkelte hund kan man gå inn på de respektive land sin dogweb og finne full oversikt der på de andre titlene. Hvis det skulle mangle en tittel på en hund, er denne kanskje ikke registrert før informasjonen ble tatt ut.

Neste championbok blir for årene 2021 til og med 2025. Kanskje din hund er blitt champion til neste championbok skal gis ut? Husk å ta et fint foto!!

Ansvarlig redaktør har vært Stefan Hagstedt.

The Swedish Deerhound Club is once again pleased to present a new book with photos and pedigrees for deerhounds in Sweden, Norway, Finland and Denmark who have become new champions in the period 2016-2020. A few dogs that are in this book should have been in the previous book, but these came too late for the deadline last time. This time there are 126 dogs who became champions through this period.

If you compare puppies born, there is a small increase. In the period 2016-2020, 52 litters were born compared to 46 in the period 2011-2015. The amount between the countries are as follows: 30 litters in Sweden with 159 puppies, 16 litters in Finland with 90 puppies, 3 litters in Norway with 15 puppies and 3 litters in Denmark with 33 puppies.

When it comes to the titles of the dogs, these are taken from dogweb at the Swedish, Norwegian, Danish and Finnish Kennel Club. For some dogs we have not included all, but these are marked with an *. If you want to see all titles of a specific dog, you can go to the respective countries' dogweb and find them all there. If there is a dog's title missing, it may not have been registered before our deadline.

The next champion-book will be for the years 2021 through 2025. If your dog has become champion before the next champion-book is published, remember to take a nice photo and send it to us together with titles and pedigree!!

Responsible editor has been Stefan Hagstedt.

Informasjon om titler foran navnet på hunden:

Ved innhenting av informasjon av titler på de forskjellige hunder, har vi brukt Dogweb til Svensk-, Dansk-, Norsk- og Finsk Kennelklubb. Noen hunder har så mange titler at vi ikke har fått med alle. Disse er merket med *, så hvis en vil vite hvilke flere titler hunden innehar kan en gå inn på den respektive kennelklubb for å se hvilke.

When obtaining information on titles of the different dogs, we have used Dogweb for the Swedish, Danish, Norwegian and Finnish Kennel Club. Some dogs have so many titles that we have not included them all. These are marked with *, so if you want to know which more titles the dog holds, you can go to the respective kennel club to see which ones.
